REGARDING PRESIDENT OBAMA'S NOMINATION OF DR. ROBERT M. GROVES TO

-WASHINGTON, DC. – “I welcome President Obama’s nomination of Dr. Robert Groves as the next Director of the U.S. Census Bureau. Dr. Groves is a nationally recognized expert in statistical research and survey methodology. I look forward to working closely with him to reduce the undercount of minorities and to increase the national mail-back response rate for the census questionnaire.

The Census is America’s largest peacetime project. As Chairman of the House Subcommittee on Information Policy, Census and National Archives, I am committed to helping the Census Bureau conduct the most accurate enumeration in U.S. history. I welcome Dr. Groves’ leadership of this shared national mission.”
